

2018 has been an exciting year for our organization and with summer upon us, now is time to start thinking about our 2019 leadership team! I have been honored to serve with this year's team and would like to thank everyone for all their contributions to our success. CREW San Antonio would not be the great organization it is without our amazing and passionate leaders!

This is your chance to help continue to drive the direction and future of CREW San Antonio! **It's a Call for Nominations to the Board of Directors!** You can help advance our mission to promote women in the commercial real estate industry by submitting the attached application.

CREW welcomes the enthusiastic participation of its members on the Board of Directors and now is the time for you to nominate those individuals to help lead this organization into the future **AND, don't be shy - self nominations are welcome.**

Here's what CREW Board members do: oversee the direction and management of the organization, take responsibility for specific projects, committees and action teams, recruit new members, ensure a solid financial budget, contribute to the organization's financial success and represent CREW San Antonio not only at conferences and meetings but to the commercial real estate industry and public as well.

CREW San Antonio is an active board that makes a difference in the advancement of women in commercial real estate. We need committed, dedicated, team-working board members to fill four positions for a two year term.

To nominate yourself or another member, please complete the application enclosed or go to the link on our website: [www.crew-sanantonio.org/](http://www.crew-sanantonio.org/). Please feel free to reach out to me or any other Board member if you have any questions.

Thank you to our current leadership team and committee members! I truly appreciate your efforts in making this year a success. I am excited for next year and hope you will consider joining us in a rewarding leadership role.

*Dena Welch*

President, CREW San Antonio
